

## What are the choices?

*A range of reasonable alternatives for storm damage reduction have been identified for initial consideration. These will be considered alone and in combination. The alternatives include:*

- No Federal Action
- Removal or Modification of Existing Structures
- Buy Out Plan
- Land Use Regulations
- Other Non-Structural Measures
- Sand Bypassing & Inlet Management
- Beach Restoration
- Groins
- Revetments
- Seawalls
- Breakwaters
- Ring Levees
- Tidal Gates
- Other Innovative Techniques

*No-Action*

*Beach Restoration*

*Groins*
